

"This agency conducts themselves with a degree of professionalism with strong integrity. I personally enjoy working with them and supporting their business with AT&T" – Randy Roberts, Regional Director AT&T Alliance Center

NetComp Communications Group, Inc. (NetComp) was founded in 1997 and is based in West Palm Beach, Florida. NetComp is a leading AT&T Solution Provider and is a Cisco Registered Reseller, providing Internet access with Voice, Video and Data connectivity. NetComp's association with AT&T, a world class Carrier, and Cisco, the worlds leading networking hardware provider, gives customers the advantage of receiving competitive quotes, added value services and the superior quality of AT&T.

PROVIDER  
CHAMPION**

NetComp has been a leading implementer of High Technology Networking solutions to the national and international business community for the last 12 years. NetComp is a powerful resource to its clients, and has earned an unparalleled reputation for designing, maintaining and managing the complex AT&T networking systems it sells. NetComp is competent in all the areas of AT&T product offerings, including Voice, Video, Data, IP and Wireless services.

NetComp has been a valued Solution Provider of AT&T since 1997. From 2003-2006, NetComp was named one of AT&T's Top Agent Partners in the country, and in 2007 received AT&T's Solution Provider Champion award. NetComp was also honored by being selected for the last 4 years to serve on AT&T's Advisory Council. This small group of executives provides guidance for the entire AT&T and its Alliance Channel Program.
